WOMEN IN ENERGY

Women in Energy at CIGRÉ Paris 2026

Update to the Danish National CIGRÉ Committee

Three moments. One shared ambition.

MONDAY **WEDNESDAY** **THURSDAY**

Event participation • Networking • Knowledge sharing • Global contribution

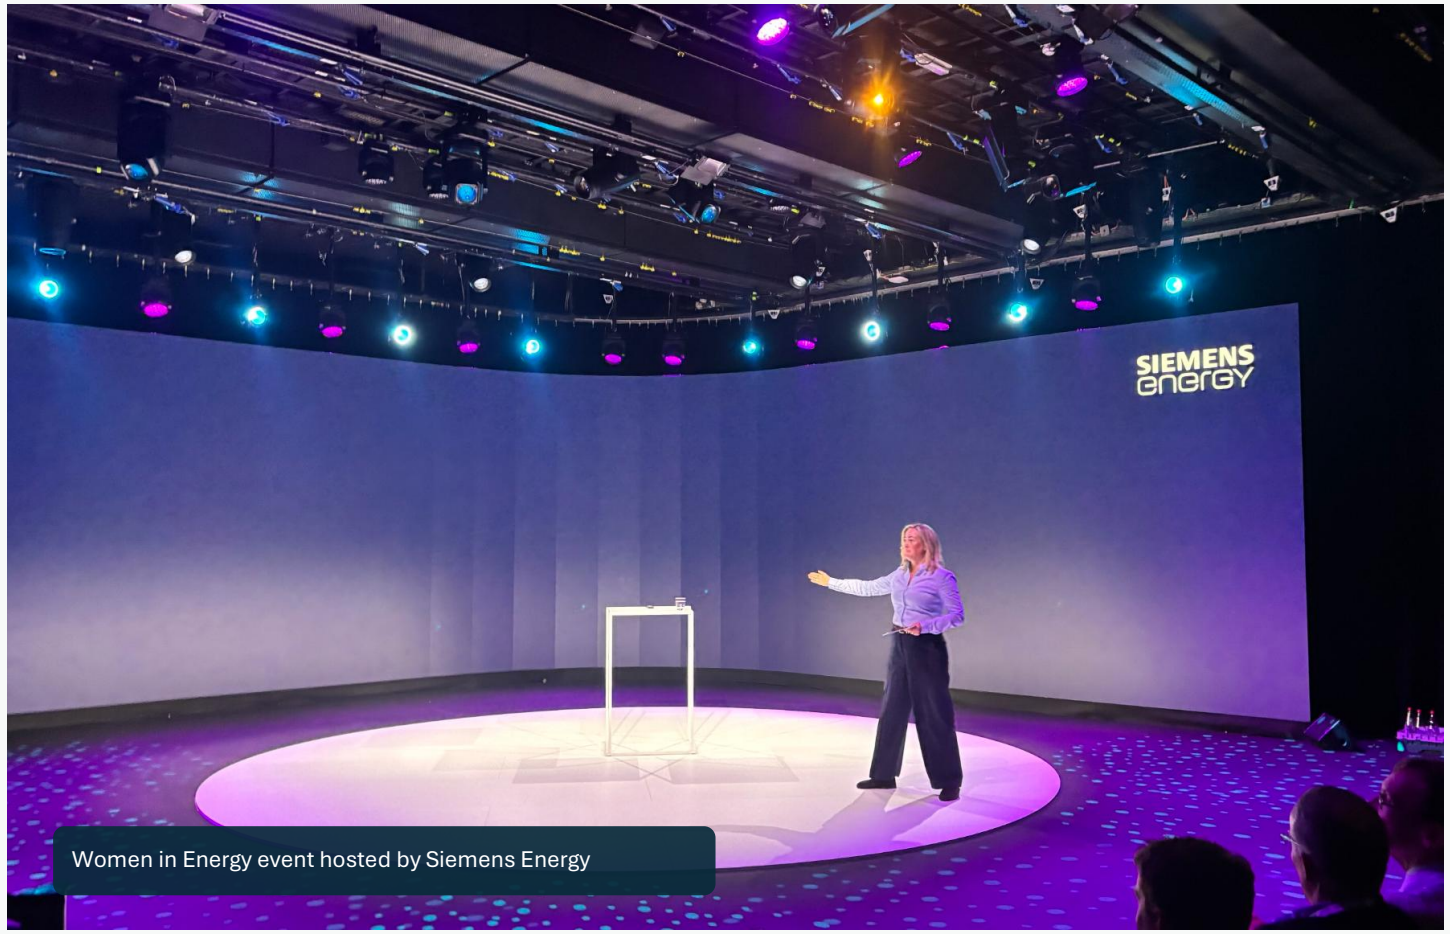

Prepared on behalf of Ann-Sofie Bonde Mortensen

MONDAY

Connecting across the energy sector

Siemens Energy Women in Energy event

Women in Energy event hosted by Siemens Energy

MONDAY

Siemens Energy hosted a Women in Energy event during the Paris Session.

- Ann-Sofie participated in the event.
-
- The event created a setting for connection and dialogue across the energy sector.

Creating connections that power the energy transition

WEDNESDAY

Strengthening the global WiE network

Ann-Sofie hosted an informal networking meeting for international Women in Energy representatives.

The informal setting supported dialogue and relationship-building across the international network.

Informal connections can strengthen international collaboration.

International WiE representatives meeting informally in Paris

THURSDAY

Showcasing Denmark’s WiE activities

CIGRÉ Women in Energy event and poster presentation

Denmark’s WiE poster at the Paris Session

THURSDAY

From national engagement to global knowledge sharing

- Participation in the CIGRÉ Women in Energy event
- Presentation of Denmark’s WiE poster
- Sharing Danish activities and collaboration with the international community

Poster focus: knowledge sharing, role models and cross-company networking

Continuing Denmark’s global contribution

A new internal communication responsibility in the WiE network

Denmark remains actively connected to the global WiE community.

GLOBAL WiE STEERING COMMITTEE

A stronger connection across the network

Ann-Sofie was appointed to take responsibility for internal communication within the global Women in Energy group.

The role supports communication and information sharing across the international network.
